## Mega-Handle Square

The Mega-Handle stays permanently with the fixture. It installs by removing the 1/2" by 3" square head set screw from the clamp and slipping the Mega-Square cloverleaf over the screw from the threaded end. The square end of the bolt nests into the cloverleaf socket.

<b>Dimensions</b>	2-3/4" Long 1" Wide 1/2" Thick
<b>Weight</b>	1.2 oz.
